

BEET
HORNET

A stylized illustration of a beetle. The word "BEET" is at the top, with the letters "B", "E", and "T" being significantly larger and more prominent than the "E" in the middle. Below "BEET", the word "HORNET" is written in a smaller, green, blocky font. The letters of "HORNET" and several dark green geometric shapes (rectangles, parallelograms, and a trapezoid) are arranged around the central text to form the legs and body of the beetle. The entire design is set against a light beige, textured background.

Dear Ginny,
 Thank you for
 being my listening
 post this year. You've
 given me a lot of help
 and good advice. Be good
 this summer and watch out
 for voluca guys.

FOREWORD

Our high school is a society in miniature. In our halls and classrooms are present many of the same problems that we shall find when we venture out into the world. During our high school careers we are asked to assume responsibilities that we shall encounter again and again in our future lives.

We have spent four years here. During that time two things have been happening to us. Our personalities have been molded, pressed into different shapes by those with whom we have come into contact; our minds have been enlarged and enriched. And we have been tested to see whether we measure up to the high standards which have been set by those who passed before.

With great pride we present this 1965-1966 Hornet which honors those who have influenced us these past four years: our teachers and our classmates. They have, in a large sense, made us what we are.

DEDICATION

We are the sum of many parts. Our parents, our friends, our teachers, our advisers - - all have had a part in shaping us as students and as individuals.

We, the Class of 1966, dedicate this yearbook to one who has helped guide us throughout our high school careers. This lady has given us her knowledge in trying to make us better English students. She has given us her time in helping us and in trying to make our activities successful.

She has done much for us, but more important is the example she has set - - an example of complete honesty and integrity toward which we should always strive.

Miss Smith, we thank you.

Class History

The Class of 1966, beginning with 102 freshmen and ending with 104 seniors, have given their best to Eureka High School.

Winning Homecoming Sweepstakes for three years, creating the winning Christmas decoration their sophomore year, presenting the play, "Our Hearts Were Young and Gay" and the prom "Netherlands by Night" their junior year, producing the play "A Connecticut Yankee in King Arthur's Court" and the 1966 **Hornet** their senior year are only a few of their accomplishments.

The class owes much to their sponsors, Miss Smith, Mrs. Harris, Mr. Dowling, and Mr. Hohulin for all their helpful support.

Together, this class raised the funds for their projects by sponsoring two paper drives, a lumber pick-up, a car wash, a bake sale, and the junior stand.

Individually, they have contributed to the academic, athletic, and musical achievements of Eureka High School.

Now together they face the future to individually plan and mold the rest of their lives.

DAVID SHARP

In memory of the hands that once were busy all day long,

In memory of the heart that once was opened unto song,

In memory of the shining eyes that turned away all strife,

In memory of the boy who scattered sunshine in our life,

In memories we follow him, and as our ways we wend,

May each now take a moment to remember our dear friend.

EUREKA SCHOOL SONG

On Eureka, win this game,
Fight to put our foes to shame,
Fight, team, fight to spread the fame
Of Eureka!

See our banner in the sky,
Brave, defiant, flying high,
Fight, team, fight the sidelines cry
For Eureka!

Hand-in-hand and heart-to-heart another senior class leaves the halls of Eureka High School. Everyone departs on the same road which leads from the door of our school. All the hopes and dreams of the past are gone, and now each one must cling to his faith in the future. For in the future, the individual must travel the side road to his own goal. Nevertheless, because of a universal faith in God and man, the graduates will always remain united.

The Most Dependable Color TV You Can Buy!

RCA Victor *New Vista* COLOR

It's breathtaking! New RCA Victor Color TV. And behind that beautiful color picture is the reliability of RCA Solid Copper Circuits. They replace old-fashioned "hand wiring" in over 200 possible trouble spots. They won't come loose. Won't short circuit. Won't go haywire. RCA Solid Copper Circuits are a solid reason for looking at RCA Victor Color TV first.

HERE'S WHY

RCA Victor pioneered color television. And then developed remarkable new improvements like . . .

- The Automatic Color Purifier that allows you to move your RCA Victor Color TV **without service adjustment.**
- RCA Space Age Sealed Circuitry that eliminates **over 200** hand-wired, hand-soldered connections.
- Super-powerful, all-channel tuning that screens out interference and pulls in pictures sharp and clear.
- Easy, accurate color tuning that makes tuning so simple a child can do it.
- The new High-Fidelity Color Picture Tube that delivers pictures up to **50% brighter** than before.

Aren't these the very same reasons that should make RCA Victor
Color TV your first choice?

**Man will visit
here before your
yearbook is lost.**

Just a few years from now, as new interests and new friendships begin to replace those of your high school days, this yearbook is likely to be lost or misplaced. But, our world is changing so rapidly that even before this happens man will visit the moon. Now is the time to prepare yourself for the years ahead. Whether you are interested in getting a formal education or in developing occupational skills, there is no time to waste. Your success in the years ahead will depend upon the decisions you make now.

Just right for the combine

Short, strong stalks—strong shanks—less fodder

DeKalb XL "Breakthru" Varieties are bred for all of the above combine characteristics. Grain shells cleanly from firm, solid cobs. With the shorter, stronger stalks of DeKalb's XL's, less fodder goes through the combine. You can combine more readily and put more grain in the bin—more money in the bank.

"DEKALB" is a Registered Brand Name. XL Numbers are Variety Designations.

Is this a Lifetime Guarantee for you? Far from it.

A diploma is a sign of achievement. It's important. In fact, most employers today consider it pretty essential

But it's no guarantee

It won't get you a good job, or a new car, or any material thing. It doesn't even guarantee that you can hold your head up when you look in a mirror

What counts is what you do now

You can just say, "Okay, world, here I am with a diploma. What are you going to give me?"

Or you can use the abilities you were born with—and the knowledge you've gained so far—to make your life a worthwhile and useful one

This way takes effort, and ambition. But the rewards can be great. Today's world offers exciting opportunities.

A diploma will improve your chances for success.

But it's no guarantee.
